

Welcome to Garden Sprouts!

Come see what it's all about in Garden Sprouts!
We love sensory play and messy learning!
Our curriculum provides a language rich environment that supports your baby's emerging speech and language skills.
We continue the Frog Street curriculum and cater our focus to each child's developmental readiness!

Make sure you are checking your Tadpoles daily to know if your child is running low on supplies and to see all the fun your child is having in our class!

Nice to meet you! My name is Marina I have been at Kid's Kingdom for almost 4 years now! I love spending time with my mom and playing video games. I'm also a new aunt to my sweet little nephew. I'm so excited to be your little one's teacher!
